Think and Do!

Look at the picture. Discuss the questions given.

- a. Is the glass half empty?

Answer: Yes, the glass is half empty.

- b. Is the glass half full?

Answer: Yes, the glass is half full.

- c. Which is the right way to describe the glass?

Answer: We should always think positively, so we can say that the glass is half full.

■ **Discuss the following questions.**

1. Why was Robert Bruce living in a hut?

Answer: Robert Bruce was living in a hut because he lost his kingdom in a war.

His enemy chased him out of the kingdom.

2. What did he dream of in the hut?

Answer: He spent days after days in that hut dreaming of getting his kingdom back.

3. Was he trying hard to fulfill that dream?

Answer: Yes, he was trying hard to fulfill that dream.

4. How many times did the spider try to reach the next beam?

Answer: The spider tried seven times to reach the next beam.

5. How long did it take Robert Bruce to drive the enemy out of his kingdom?

Answer: It took Robert Bruce eight years to drive the enemy out of his kingdom.

6. What lesson does the story teach us?

Answer: The story teaches us that if we think positively and keep hope alive in our hearts, we can reach our goals.

■ **Life Skills! These children are not happy. Discuss and tell them what to do.**

1. Sakina came fourth in the ‘sit-and –draw’ competition. She had wanted to come first. She is very sad and angry. She has stopped talking to her friend who came first.

Answer: Sakina winning and losing is the part of the game, for that you must not be sad or angry. Congratulate your friend, and think positive.

2. Robert always gets poor marks in maths. He does not want to do sums any more.

Answer: Robert, with hard work and dedication, you can achieve anything you wish. You can do better in maths, be positive and have faith in yourself.
